## DETAILED ACTION

### *Allowable Subject Matter*

Claims 1, 3, 4 and 6-19 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1, the prior art of record does not teach nor suggest, in the claimed combination, a micro-electromechanical system (MEMS) s comprising: a cavity; at least one conductive path integral to a first surface bordering said cavity; a flexible membrane parallel to said first surface bordering said cavity, said flexible membrane having a plurality of conductive vias and a plurality of actuating electrodes attached thereto; and a plunger attached to said flexible membrane in a direction away from said actuating electrodes, said plunger having at least one conductive surface to make electrical contact with said at least one conductive path

Claim 15, the prior art of record does not teach nor suggest, in the claimed combination, a micro-electromechanical system (MEMS) switch comprising: (a) a substrate comprising a conductive metal inlaid path onto which a cavity is formed; (b) on said cavity, a first release layer followed by a first conductive layer and by a second conductive or dielectric layer, said two conductive layers being patterned into the form of an inverted 'T'; (c) a planarized second release layer followed by a third conductive layer; (d) on top of said third conductive layer, a dielectric layer and patterned vias holes to expose a lower conductor; (e) a conductive surface filling said patterned via holes providing a finite thickness above said filled via holes, said conductive surface patterned into the shape of actuating fingers, said combination of (a) through (e) forming

a flexible membrane; and (f) via holes perforating said flexible membrane and simultaneously providing access slots outside of said membrane, wherein air replaces said first and second release layers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
